

PRODUCT PROFILE

UNI LITHOFOUNT 2000-E D

An environmentally favorable one-step fountain solution for sheetfed presses

UNI LITHOFOUNT 2000-E D is a VOC free, one-step, pH-buffered fountain solution concentrate designed for duplicator presses. Heavy metal free, contains no glycol or glycol ether, it is formulated for all water conditions. **UNI LITHOFOUNT 2000-E D** is designed for all dampening systems.

ADVANTAGES

- . **UNI LITHOFOUNT 2000-E D** contains no V.O.C.'s.
- . Allows the press to be run alcohol free.
- . Contains a non-piling additive, which efficiently reduces piling on the blanket.
- . pH range of between 4,30 and 4,9.
- . Reduces the surface tension of water while creating a film of moisture on the plate background.

DIRECTIONS

For conventional dampening systems:

Mix 2 to 4 ounces of **UNI LITHOFOUNT 2000-E D** in each gallon of water (128 oz).

For continuous dampening systems:

Mix 4 to 6 ounces of **UNI LITHOFOUNT 2000-E D** in each gallon of water (128 oz).
