

PRODUCT PROFILE

UNI LITHOFOUNT 4000 G

An ecological fountain solution concentrate chrome & phosphate FREE for web presses

UNI LITHOFOUNT 4000 G is a pH-buffered gum fountain solution concentrate designed for web presses. Phosphate-free, it is formulated for all water conditions. Specific formulas of **UNI LITHOFOUNT 4000 G** are designed for applications covering all press and dampening system combinations and to perform throughout the entire range of alcohol levels, from normal percentage down to alcohol-free.

ADVANTAGES

- It is formulated with an additive which eliminates the accumulation of calcium in the fountain solution
- Does not contain chrome or phosphate
- Very low V.O.C.'s
- Formulated with the finest Sudanese gum
- Has a pH range between 3.6 and 4
- Very effective in eliminating "dot blow out"
- Especially formulated to run alcohol-free with **UNI ALCOFOUNT-1**

DIRECTIONS

For conventional dampening systems:
Mix 3 to 5 ounces of **UNI LITHOFOUNT 4000 G** per gallon of water (128 oz).

For reducing alcohol:
Mix 4 to 6 ounces of **UNI LITHOFOUNT 4000 G** per gallon of water (128 oz).
