

PRODUCT PROFILE

UNI FOUNT SM 551

For Small and Medium Size Offset Presses Ecological and Environmentally Friendly

Uni Fount SM 551 is a superior concentrated fountain solution. It requires no additional additives or gums. Will keep your plates dry with minimum water use. **Uni Fount SM 551** is chrome free. It stimulates ink drying and aids in alcohol reduction. **Uni Fount SM 551** can be used with alcohol substitute and should not be mixed with other fountain solutions.

Uni Fount SM 551 is designed to run on conventional, bareback and alcohol systems.

FEATURES & BENEFITS

- Ecological and environmental responsible: chrome-free
- Heavily buffered
- Formulated with high quality gums to protect plates
- Gum/acid formulation
- Stimulates ink drying
- Alcohol reduction

DIRECTIONS

Mix between 2 to 4 ounces of **Uni Fount SM 551** per gallon of water (128 oz) to reach a pH between 4 and 4.3.

Note: Plates will run drier with less water and ink because of reduced surface tension of **Uni Fount SM 551**.
