

PRODUCT PROFILE

UNI ENVIRO NPCR

Roller and blanket wash A non-photochemically reactive water miscible wash

UNI ENVIRO NPCR is a water miscible ecological wash that meets today's ecological cleaning requirements. UNI ENVIRO NPCR forms a superior emulsion to permit mixing with up to 30% water for removing water soluble glaze, lint and stock coating while still delivering a powerful solvent cleaning action and maintaining a pleasant odor.

ADVANTAGES

- Effective cleaner for all press sizes
- Low aromatic content
- Low odor
- Less hazardous to the pressmen's health than most washes
- Penetrates deep to clean rollers and blankets in just one step
- Economical. Mix it with up to 30% water
- Excellent for fast color changes

DIRECTIONS

Use as a one-step wash in any wash-up attachment or hand clean with a saturated cloth. Mix in a wash-up bottle with up to 30% water and shake before use. This mixture will remove water soluble and solvent soluble glaze in a single wash-up.

SPECIFICATIONS

- Flash point: 42°C (108°F)
