

PRODUCT PROFILE

UNI CHROME CLEANER

UNI CHROME CLEANER is specially formulated as a heavy-duty cleaner for chrome rollers used in lithography. **UNI CHROME CLEANER** restores the water-carrying capacity of the chrome roller by replacing the thin layer of oxides that remove organic contaminants with a protective water-receptive film.

ADVANTAGES

- Increases the receptivity of water on the chrome roller
- Does not damage the chrome in any way
- Low V.O.C.'s

DIRECTIONS

Apply **UNI CHROME CLEANER** with a soft cloth to the dry chrome roller using a firm-polishing stroke. Dry with a clean cloth and rinse with water.

Safety data sheet available upon request
