

PRODUCT PROFILE

UNI MOULD PREVENTATIVE

UNI MOULD PREVENTATIVE is an additive fountain solution that retards fungus, mold and bacterial growth in the dampening system. **UNI MOULD PREVENTATIVE** may be used as part of a preventative maintenance program or to eliminate an existing problem.

ADVANTAGES

- Extends the life of the fountain solution
- Eliminates odor produced by the bacteria
- Effective over a wide pH range
- Does not contain or release formaldehyde
- Minimizes machine downtime
- Low dosage

DIRECTIONS

Add 30 ml or 1 ounce of **UNI MOULD PREVENTATIVE** to 4 liters or 1 gallon (128 oz) of working solution. It is recommended that protective gloves and safety goggles be worn.
